SECURITY REPORT

13/03/2017

INCIDENTS - LYNNWOOD NORTH AREA:

1. At 13:35 an alarm was received from a resident in Queens Crescent. The resident advised that suspects had smashed a car window and stolen a laptop with black bag out of the vehicle.
2. At approx. 16:20 a resident in Kings Highway noticed an old grey Toyota Conquest parked across the street from his house. He observed two black males sitting in the vehicle. One of the occupants climbed out and approached the neighbour's house, where he proceeded to fiddle with the postbox. He then turned around and took a photo of the resident's wall and electric fence. The man returned to the car and the vehicle headed in the direction of Mimosa Ave. The resident followed the vehicle and reported the matter to the control room. He watched as the Toyota made a 360 degree turn at the Elizabeth Grove circle and then a U-turn in the middle of the road back towards the circle. The vehicle stopped across from the Israeli Embassy. One of the occupants alighted from the vehicle and walked across the street. Another person then approached the driver. At that stage the Interactive reaction vehicle arrived and went over to the Toyota. Interactive was informed that the occupants were Tshwane officials with uniforms and ID cards. It was left at that.
